

C# Developer

COMPANY OVERVIEW

Sabal Capital Partners (SCP) is a nationwide commercial real estate mortgage company. SCP provides permanent and bridge debt solutions for commercial real estate for agency, capital markets and balance sheet execution through its highly specialized lending platform. SCP is a fully integrated platform including a rated commercial servicing operation to manage all loans it originates.

KEY RESPONSIBILITIES

We are searching for a developer that has experience developing solutions in an agile environment, leveraging established legacy C# and T-SQL code. Alongside that, the selected candidate will be responsible for the support and maintenance of our third-party, on-premise loan servicing platform. You will use your technical expertise and problem-solving skills and to work closely with the business unit in developing a variety of operational solutions to meet the demands of the business. Our projects are often interconnected with other areas of the company and require a smart, detail-oriented and organized approach to ensure success. We are looking for a team player that can communicate well with all types of users, with varying degrees of technical know-how.

PROFESSIONAL EXPERIENCE/QUALIFICATIONS

Our projects are interconnected and require a smart, organized approach to ensure success. We are looking for a team player who loves collaborating with others (including non dev folk) and has an excellent attention to detail. We need a fearless developer who isn't afraid of jumping on new challenges and help provide robust support to our users.

- Strong knowledge and experience with T-SQL and SQL Server.
- Strong knowledge and experience with C# .NET
- Be comfortable with all aspects of the software development cycle.
- Ability to directly communicate effectively with our business users on requirements.
- Enjoy collaboration, but will need to be able to work independently.
- Desire to move the business forward by working on an array of items and priorities as needed.

Pluses

- Exposure to the Commercial Real Estate industry
- Experience with MVC .NET / .NET Core

At SCP, you can have a rewarding career on every level. In addition to challenging and meaningful work, you will have the chance to have an impact on the future direction of the company by interacting directly with SCP's senior management team. Our culture of innovation, drive, growth and entrepreneurship, means your ideas on how to improve our business will be a key component on our future growth as a successful business franchise. At SCP, we embrace a team oriented, collegial, and "can do" approach that rewards employees based on the success of the overall business and individual contributions.
